IFEA report - President - Elect 2022

It has been an eventful 2 years since being elected as President-Elect and I would like to acknowledge the hard work of the Executive Committee, the Board of Directors and all involved with IFEA during this period.

The President, Cathy Ricci has worked tirelessly over the last 2 years with the Covid pandemic still affecting life around the world and maintained a smiling face during all the difficulties that were encountered over this time, from both a work and personal perspective. Cathy has been a wonderful role-model, and I hope to be able to follow her leadership over the next 2 years as President.

The Secretary, Gopi Krishna, has been amazing in his secretarial duties as well as his wonderful efforts with the WEC in Chennai, India. Not only organizing one event, that was cancelled, but then organizing a 2nd event, only to be affected once again by the pandemic. This did not stop him, however. He still managed to put on a wonderful virtual WEC that was a great success.

The Treasurer, Elisabetta Cotti, has faced a huge problem with our banking, inherited from the outgoing past treasurer. Together with Cathy Ricci, and supported by Karen Maggio, Sam Dorn and Patrick Taylor, she has managed to get our finances back together and our banking into a working arrangement. I commend her huge stamina and efforts in sorting out this problem for us that has affected our ability to function smoothly for some time.

The Past-President, Dr Luke Kim, with his years of IFEA experience, has been a great support to the Executive committee and offered his assistance and wisdom whenever needed.

Myself, as President-Elect, I have been supporting all the members of the Executive Committee in their roles as needed. I have been involved with all aspects of the executive committee and been of assistance to the organizers of the upcoming WEC's as needed. I look forward to the next two years as President, knowing that IFEA is now in a much better place thanks to the efforts of the Executive committee and Board of Directors over the last 2 years.

A big thank you to all the members of the Board of Directors, including the Regents, who have helped disseminating information to the membership and who have assisted the Executive committee when needed. Also to the Chairs and members of the Research and Education committees, who have been carrying out their roles in an exemplary fashion.

Finally, I would like to thank Karen Maggio, the quiet achiever, who is always there supporting our office in the USA and Joe of course.

Respectfully submitted by Dr Alan Nerwich, President Elect, 2022.
