IFEA TREASURER REPORT 2022

Dear Colleagues,

keeping The account of the Treasury has been relatively difficult in the past year, because of the bank system which we use (**BB&T**), first has gone through a merging with **TRUIST BANK**, and it has become impossible to access the account for months.

Finally, when we were enabled to access the account again, we had the restriction that we are not able to view the person/association behind each transaction.

I had a contact from the bank who should help solving this problem, but she never answered my mails.

I take this opportunity to thank Dr. Samuel Dorn, IFEA past-president, and his wife, MRs Lindy Dorn, for their precious collaboration in helping me disclosing the transactions in our account.

To date, October 30,2022, our account is in good shape and it displays the sum of **\$332.853.42**

Below the details of the bank movements.
