2014 REPORT FOR THE INTERNATIONAL FEDERATION OF ENDODONTIC ASSOCIATIONS.

The Australian Society of Endodontology continues to build on the strong foundations laid in 2012 and 2013 as we gear up for a busy 12 months ahead. The focus of the society at present is the upcoming 4th Trans-Tasman Endodontic Conference to be held in Melbourne from June 26th to June 28th 2014.

Federal Executive

President:	Dr Kurien Mamootil
Secretary/Treasurer:	Dr Sara Firouzabadi
Immediate Past President:	Dr Daniel Farmer
Federal Councillors:	Dr Jeff Hislop Dr Donna Richards Dr Camilo Villegas

Membership

A strong membership base of over 400 members has been maintained in 2014. This include 7 honorary life members and 2 honorary members. The ASE continues to attract a strong membership relative to other dental societies in Australia.

Journal

The Australian Endodontic Journal continues to provide a strong voice to the Endodontic society within the Asia Pacific and around the world. The AEJ continues to attract articles from around the region and under the Editorial leadership of Dr Ralph Reid, delivers news, original research and clinical case studies. An extended issue at the end of 2013 has helped to address a backlog of articles published by the journal.

Financial Position

The ASE has maintained the strong financial position attained after successful Trans-Tasman conferences in 2012 and 2010. The strength of our financial position is passed onto members by maintaining subscription rates at the same level for over 4 years and through various grants and awards. The ASE is in a position now to offer larger prizes and grants and to continue to deliver education to members.

Upcoming Events

As previously mentioned, the upcoming 4th Trans-Tasman Endodontic conference is now in the final stages of preparation. Registration for this conference is now open. The scientific program is finalised with Keynote Speakers Dr Franklin Tay and Dr Paul Dummer ably supported by local speakers from Australia and New Zealand. Details of the social program are now available and include a Gala dinner in the Great Hall of the National Gallery of Victoria. Details of the conference are available via the conference website

<http://www.tteconference.com/>.

In 2015, the ASE will once again host a one-day Pre ADA congress meeting in April. Details of this meeting will become available in due course.

In 2016 the ASE will hosts delegates from around the world at the IADT dental trauma conference. Brisbane has now been confirmed as the host city for this international event.
